PDP/SDO Targets

Using the forecasting method SSL, SDO Catanduanes projects a modest target for five years for GER, NER, and the sub-KPIs.

However, on quality wherein NAT and exit assessments are two of the standard measures, the division targeted a fixed 2% per year due mainly to the absence of historical data as the basis which is not within the control of the division.

The commitment, however, is to increase the target of students' scholastic rating with 75% as the standard.

Note: NAT Baseline Accomplishment for Grade 6 and Grade 10 is SY 2017-2018 and Grade 12 is SY 2018-2019
