Ms. NYMPHA D. GUEMO
 Schools Division Superintendent
 Department of Education
 Division of Catanduanes

Madam:

The university is glad of your upbeat support to our invitation on "Advocacy Run Against Malcest". We are forwarding you the programs, attached, for the Symposium and Paururagan activity anent to the previous communication for reference.

We would like to request in advance number of expected student participants for the Paururagan contest because the activity will also coincide to the arrival in the university of China ambassador to the Philippines.

The ambassador will be dishing gifts to the students and we deemed it timely that students from DepEd can also benefit from this generous act. We will submit the requested number of students as basis of number of recipients.

In connection with the symposium, ideally we will be expecting 10 teachers each from 20 elementary districts and 2 teachers each from 41 secondary schools, thus around 300 expected participants all with free snacks. Still, we respect your discretion who will be the attendees.

For any concerns about the activity, please feel free to contact this number, 09128762192.

Thank you.

Very truly yours,
