**SUBJECT: IMPLEMENTATION OF THE ENHANCED DEPED PARTNERSHIP DATABASE SYSTEM (DPDS)**

**DATE: September 24, 2021**

Consistent with OX-LAPF Memorandum No. 0-43, s. 2019 titled "Use of Digital Partnerships Database System (DPDS) in Reporting Partnership Engagements," the External Partnerships Service (EPS) continuously improved the system to be more beneficial to its users and assist in the effective and efficient performance of tasks.

The EPS, in collaboration with the Information and Communications Technology Service (ICTS), conducted a series of reorientation webinars on the use of the DPDS in August 2021 to introduce and discuss the new features of the DPDS. The reorientation webinar is a result of various consultations with relevant offices and field personnel to provide accurate partnership data relative to the assistance provided by various stakeholders. The enhanced DPDS captures the partnership data requirements of different offices in the Central Office (CO) and was improved to align with the implementation of the Basic Education Learning Community Plan (BEL-CPT).

During the reorientation of the DPDS, the following were agreed on for the implementation of the enhanced DPDS:

- I. Verification of the DPDS School Accounts,
- II. Availability of the Enhanced DPDS Test Site, and
- III. Deployment of the Enhanced DPDS in October 2021.
