Schools Division Superintendent

SUBJECT: Result of the School Internet Subscription Inventory Survey for 2019 per Division Memorandum No. 98 s. 2019 dated March 25, 2019, re: DepEd Internet Connectivity Program (DICP) Utilization and Allocation of Budget for Out of Warranty DCP IT equipment

DATE: April 16, 2019

DepEd Internet Connectivity Program (DICP) is one of the special programs or activities in DepEd which is already incorporated in the regular school MOOE budget starting 2016 (*DepEd Order No. 13, s. 2016*).

Based from the result of the **School Internet Subscription Inventory Survey for 2019**, schools has already allocated budget for DICP program, while there are still school with no internet subscription. This Office would like to reiterate to the school heads to allocate budget for internet expenses, which will be determined by the school head and designated ICT Coordinator for the accomplishment of online reports and other IT related works that needs internet connectivity.

Further, there are DCP IT equipment provided to our schools that are already out of warranty (more than 3 years) and needs repair as revealed in the Google Sheet (DCP Inventory 2019). The defective units/equipment must be repaired by the supplier or a hired computer technician and the cost will be shouldered already by school.

Since the school will conduct crafting of School Improvement Plan Development for School Year 2019-2022, school heads are requested to allocate budget for **internet expenses** and budget for **repair of out of warranty DCP IT equipment**. Said budget allocation must be identified/reflected in the approved SIP for implementation in the current year and as specifically determined in the Annual Implementation Plan (AIP) of the school. Compliance with the existing budgeting, accounting, procurement and auditing rules & regulations must be observed.

To monitor and ensure the proper utilization of said funds, you are hereby advised to regularly update the link <https://deped.in/SISInventory2019>.

For information, guidance and compliance.

SIP for implementation in the current year and as specifically determined in the Annual Implementation Plan (AIP) of the school. Compliance with the existing budgeting, accounting, procurement and auditing rules & regulations must be observed.
