TEST RESULTS UTILIZATION

(Source: DepEd Order No. 55, S. 2016: Policy Guidelines on the National Career Assessment of Students Learning for the K-12 Basic Education Program)

1. Test Results Utilization

The utilization of the career assessment results shall support the national framework on career guidance, which will be released in another issuance. Reporting and interpretation of the results shall be used in career advocacy, career guidance, and homeroom guidance.

The career assessment results shall also be used for entry assessment to the specific Senior High School (SHS) tracks/strands in all public and private schools. Prior to entering SHS, the aptitude of students in select programs shall be measured in order to ensure that they have the potential to complete the program.

There will be a required cut-off score for students who wish to enroll in the Science, Technology, Engineering, and Mathematics (STEM) Strand. The Final Grade both in Science and Math in Grade 10 should be 85 and above. Learners should also have at least a percentile rank of 86 and above in the STEM subtest in the career assessment exam.

There will be two screenings for students who wish to enroll in the Sports and Arts and Design Tracks. The first screening will be the results of the career assessment in the corresponding subtests. Aptitude should be at least a percentile rank of 51 and above.

The second screening for the Sports Track will be done through skills-related fitness tests which will be administered by the accepting schools. For the Arts and Design Track, the second screening will be through a performance and skills assessment which will also be administered by the accepting schools.

There will be no prescribed cut-off for scholastic grades and scores in any subtest for those who desire to enter into the Humanities and Social Science (HUMSS) Strand, the Accountancy, Business and Management (ABM) Strand, and the Technical-Vocational and Livelihood (TVL) Track.

A summary of the criteria for entry to the SHS tracks/strands are shown in the table below:

Table 1. Criteria for entry to senior high school (SHS) tracks/strands

			The second secon	Tracks/Strai										
	Academic frage													
Griterija	Stience, Technology, Engineering and Mathematics Strand	Accountancy, Business and Manageraent Strand	Halmenjines and Social Solerice Strand	General Academic Strand	Book Tack									
Scholastic Grades at Grade 10	Final Grade no lower than 85 both in Math and Science	None	None	None	None	None	None							
Career Examination Results	Percentile rank of 86 and above in the STEM subtest	None	None	None	Percentile ra above in the career	None								
Alternative Entry Requirements	Writeup of scientific inquiry process, draft experiment, and other such summative assessments	Simple business concept/ idea, marketing ideas, and other such summative assessments	Essay on current social issues, short story or articles, book/movie reviews, and other such summative assessments	Essay on a project of interest, project plan, and other such summative assessments	Skills-related fitness tests administered by the accepting schools	Performance and skills assessment administered by the accepting schools	Livelihood project idea/s, and other such summative assessments							

Accepting schools shall administer alternative entry requirements as needed. Schools may also opt to have other alternative assessments aside from those in the table above. These assessments should be in line with their chosen track/strand.

There will be no prescribed cut-off for scholastic grades and scores in any subtest for those who desire to enter into the Humanities and Social Science (HUMSS) Strand, the Accountancy, Business and Management (ABM) Strand, and the Technical-Vocational and Livelihood (TVL) Track.
