STAKEHOLDER ENGAGEMENT STRATEGY

Introduction

The occurrence of disasters affected school operations to the point of depriving our students access to quality education. While we have improved our classroom standards, strengthened our coordination with partners for disaster response and capacity building, and established the DRRM Service, there is a need to tighten support for school level implementation of disaster risk reduction.

Disaster preparedness of schools is an important factor to achieve resilience in our communities. DepEd, through 2017 *Brigada Eskwela*, seeks to mainstream disaster preparedness principles in readying schools for the opening of classes. More than the usual menu of provision for schools such as putting up of fences, painting, roofing, among others, DepEd will provide a list of preparedness measures that partners could support in various capacities.

Our aim is to engage all education stakeholders, which would include the following:

- Local government units from provincial to barangay levels
- Private partners
- Academe
- Civil society organizations
- Private corporations
- Individual volunteers

Our partners could assist DepEd in the following areas:

- Support implementation of school preparedness and safety measures
- Provision of emergency kits and education supplies for teachers and students
- Information, Education, Communication of DRRM

The matrix below provides specific steps that target partners could take for their active engagement during the *Brigada Eskwela* week.
