Dear Ma'am De la Rosa:

Greetings!

Together with parents and other stakeholders, we at Wyeth Nutrition help nurture a child's potential for greatness. We believe in empowering our children through science and innovative thinking so they become active contributors in nation-building. As our way of bringing this purpose to life, we launched the "Search for the Wyeth Nutrition Kid Innovators" in 2015 – an annual nationwide contest among young kids that recognizes inquisitive and creative minds.

In this regard, Wyeth Nutrition in partnership with the Philippine Foundation for Science and Technology (PFST) would like to invite your school to participate in our nationwide search. We welcome entries to these two (2) categories:

The **Upcoming Kid Innovators** category aims to develop and nurture the innate inquisitiveness and curiosity of young children to become future kid innovators. Activities in this category will provide simple scientific explanation on questions related to Nutrition, Health and Wellness. This category supports parent-pupil tandems for children ages 6 to 8 years old with supervision from a science teacher/adviser.

The **Kid Innovators** category will recognize innovative science-related projects related to Nutrition, Health and Wellness. This category is a team competition with a maximum of three (3) members per team (2 students and 1 teacher-adviser) for children ages 9 to 14 years old.

The school may submit two (2) entries for each category. Below, please find the requirements:

Upcoming Kid Innovators

- 1) Written brief of the activity/science project
- 2) 2 to 3-minute video of the activity/science project
- 3) Necessary application forms (download from www.wyeth.com.ph/kidinnovators)

Kid Innovators

- 1) Written brief of the activity/science project
- 2) 3-page abstract of the process and results
- 3) 2 to 3-minute video of the activity/science project
- 4) Necessary application forms (download from www.wyeth.com.ph/kidinnovators)

Deadline of submission is on **August 31, 2018**. Please refer to the attached fact sheet for details.

Should you have any questions or clarifications, please reach out to us through email: kidinnovator@wyethnutrition.com or contact (PFST) 942-4137 or 942-5091. We look forward to your participation! Together, let us nurture every child's potential for greatness.

Very truly yours,
