Dear **Ms. Dela Rosa**:

Greetings from the DSWD Field Office VI

The Department of Social Welfare and Development (DSWD) believes in the holistic development of adolescents. Thus, it expanded its Pantawid Pamilyang Pilipino Program (4Ps) to include the Youth Development Session (YDS) in 2014. The goal of YDS is to develop a positive mindset among the youth participants and envision a brighter future for themselves and their families.

The Youth Development Session is an afterschool youth life education program aimed at developing life skills among adolescents. It is designed to support the adolescents' developmental needs by helping them understand the developmental challenges they face during this life stage. The program goal is to provide essential knowledge and skills associated with their current normative needs related to physical, sexual, cognitive, social, and emotional developments.

With this, may we respectfully request from your esteemed office for an assistance in informing the following secondary schools as our recipients of the **Youth Development Session** with a theme "**Unleashing Potentials: A Journey of Self-Discovery and Empowerment**" for school year 2023-2024.
