National Committee on the Filipino Family (NCFF)  
**NATIONAL SEARCH FOR NATATANGING PAMILYANG PILIPINO  
GUIDELINES**

**I. BACKGROUND AND RATIONALE**

In the Philippines, the family is the driving force that pushes the Filipinos to work hard and to achieve growth and survival. It is in the family that a child learns basic values of right and wrong, respect for others, kindness, and compassion. These values feed the aspirations of every Filipino to work hard and be resilient.

The high regard that the Philippine government has for Filipino families is enshrined in the 1987 Philippine Constitution which recognizes the sanctity of family life and the need to protect and strengthen the family as a basic autonomous social institution.

In the Southeast Asian Region, one thing stands out in the way the families are perceived. Based on Article 16(3) of the Universal Declaration on Human Rights and Article 23(1) of the International Covenant on Civil and Political Rights, the family "is the natural and fundamental group unit of society and is entitled to protection by the society and the State."

The national search for exemplary families in the Philippines is consistent with the country's aspirations embodied under *Ambisyon Natin 2040*. This activity is an initiative of the National Committee on the Filipino Family (NCFF) in collaboration with other government agencies and non-government organizations.

The National Search for the *Natatanging Pamilyang Pilipino* highlights the resiliency, courage, and strength demonstrated by the Filipino Family in overcoming the challenges they face including the harrowing period of the pandemic. The Search also looks at how these families cope with challenges as they continue to adapt to the fast-changing environment and shift in the value system.

Furthermore, *Ambisyon Natin 2040* mandates the development of the Filipino Family Sector Priorities of 2019-2022, outlining strategies and initiatives that are family-focused, results-based, human rights-based, gender-responsive, conflict-sensitive, disaster-resilient, participatory, and socially inclusive.

**II. LEGAL BASES**

*Ambisyon Natin 2040* embodies the collective long-term vision and aspirations of the Filipino people for themselves and for the country in the next 25 years, as planned by the Philippine government through NEDA.

*The 1987 Philippine Constitution* recognizes the sanctity of family life and the need to protect and strengthen the family as the basic autonomous social institution and the foundation of Philippine society.

*The Universal Declaration on Human Rights of the International Covenant on Civil and Political Rights* describes the family as the natural and fundamental group unit of the society that is entitled to protection by the State.

*Executive Order (EO) No. 241* issued on February 9, 1995, established the NCCFF as the lead in the development of and advocacy for policies and programs in strengthening Filipino families. The said EO was issued pursuant to Proclamation No. 60 of 1992 declaring every last week of September as the National Family Week of the Filipino Family.

*Executive Order No. 209*, series of 1987 otherwise known as the Family Code of 1987 on protecting and promoting quality family life.

*Republic Act No. 8369 of 1997* establishes Family Courts to provide exclusive jurisdiction over cases involving families and children.

*Reproductive Health Act of 2020* on responsible parenthood provides, among others, Filipino women and men the right to health and instills in them health consciousness.

*Republic Act No. 8972 of 2000* known as the Solo Parents Welfare Act ensures financial and special assistance to solo parents.

*Republic Act No. 11310 of 2019* or the Pantawid Pamilyang Pilipino Program to institutionalize the Conditional Cash Transfer (CCT) Program aimed at breaking the intergenerational cycle of poverty – The Pantawid Program or 4Ps focuses on human capital investment in families with children 0-18 years old.
