Subject: **INVITATION TO FUNDAMENTALS OF CREATING AND IMPLEMENTING DASHBOARDS WITH LOOKER STUDIO TRAINING WORKSHOP**

1. This is in connection with the released Regional Advisory No. 21 s. 2023; inviting interested participants to attend to the training on Fundamentals of Creating and Implementing Dashboards with Looker Studio Training Workshop to be conducted by the STRAT One organization on **June 14-16, 2023** via Zoom.
2. Attendance on this activity will be on **voluntary** and **non-compulsory** basis only. Further, any fee/payment required for attendance to such shall be on personal account. Interested participants may e-mail to **<https://forms.gle/ZMxvKNSGzrY5gga7>**, and for further clarifications and other details please see attached communication.
3. For information.

ADVISORY No. 21 s. 2023
May 19, 2023

In compliance with DepEd Order (DO) No. 8, s. 2013
this advisory is issued not for endorsement per DO 28, s. 2001,
but only for the information of DepEd officials,
personnel/staff, as well as the concerned public.

**INVITATION TO FUNDAMENTALS OF CREATING AND IMPLEMENTING
DASHBOARDS WITH LOOKER STUDIO TRAINING WORKSHOP**

Looker Studio is free software and cloud-based technology that helps organizations create and implement dashboards.

A good data dashboard communicates the things that matter such as KPIs and other significant metrics to an organization. It presents a comprehensive overview of the company or organization's performance through the use of data visualization tools like charts and graphs.

Hence, you are invited to attend the sessions on Fundamentals of Creating and Implementing Dashboards with Looker Studio Training Workshop on June 14-16, 2023, via ZOOM.

Attached here is the link for the registration and reservation of slots.

Participation in this event is on a voluntary basis only.

For information.

Fundamentals of Creating and Implementing Dashboards with Looker Studio Training Workshop June 14 to 16, 2023 PHP3100.00 via ZOOM (22 Training Hours)

Did you know that the purposes of data dashboards are to monitor and judge a business or organizational performance in real-time? According to databox.com, there are ten common mistakes in creating and implementing data dashboards: lack of context, too many colors, too busy design, lack of focus, poor data visualization pairing, insufficiently labeled data, and no mobile friendliness. A good data dashboard must communicate the things that matter, such as KPIs and other significant metrics, to an organization.

Dashboards present a comprehensive overview of the company or organizations performance and do so through the use of data visualization tools like charts and graphs.

Looker Studio is free software and cloud-based technology that helps organizations create and implement dashboards. Suppose you want to be an expert in dashboard creation. In that case, all you need is a good understanding of your users (fusioncharts.com), you do not need to be a data analytics expert, or you do need programming skills to create and implement dashboards across your organization. Further, all you need to ask (as a creator and implementer of the dashboard) are (what is the) purpose of the dashboard, the information that users need to see (or must be displayed), and the pain points of the users.

We invite you to learn how to create and implement a dashboard (in your organization) on June 14 to 16, 2023, via ZOOM. The workshop is titled Fundamentals of Creating and Implementing Dashboards with Looker Studio Training Workshop. Registration is PHP3100.00, inclusive of 12% VAT, digital handouts, datasets, installer of the software, digital certificates (of participation, completion, and attendance), recording of the webinar, and the learning experience.

Attending virtual workshops with STRATONE is inflation-proof:

- Does not require a significant amount of funding (it does not require budget allotment on transportation costs and meals during travel).
- If you missed a portion of the workshop, you can easily replay the recording.
- STRATONE has a net promoter score of 65% (above the industry benchmark), plus our customer satisfaction is 8.9/10.
- Trainers are very approachable.
- Aside from informational workshops, we are also entertaining.

Personal benefits of these workshops:
