Essentials of Technical Writing and Web Content Development Workshop (September 6 to 8, 2023)

According to www.writing-skills.com there are 7 issues in technical writing: messy structure, too much jargon, poor punctuation, inconsistency, too much abstraction, unclear antecedents and dense presentation. This workshop will help participants on avoiding these mistakes.

Join us on Essentials of Technical Writing and Web Content Development - September 6 to 8, 2023 (P3,000.00) via ZOOM (maximum of 7 hours workshop). Registration fee is only P3000.00. The fee includes: 12% VAT, digital handouts, datasets, digital certificates (of participation, completion, and attendance), recording of the webinar, and the learning experience. *OFFICIAL RECEIPTS will be provided upon payment.*

STRATONE's workshop are affordable and effective.

What you will learn:

- Create a full range of technical documents with solid structures.
- Use templates to start the writing process quickly.
- Explore techniques for getting past writers block.
- Prepare detailed messages for both technical and non-technical readers.
- Understand best practices for displaying visual information.
- Edit language for precision, clarity, and conciseness.
- Summarize complex issues with authority and clarity.
- Effectively communicate to internal and external stakeholders through Facebook and websites.
