Introduction to Parliamentary Select Committees

Virtual Workshop

FRIDAY 11TH OCTOBER 2024

NEW BURSARY!

Government Exchange wish to advise you that the next open Course on Introduction to Parliamentary Select Committee will take place on a "Virtual" Platform, delivered by our trainers, directly to your Home Office PC or Laptop on Friday 11th October 2024.

"Select committees are a subtle and adaptable tool..". So reported the UK Parliament's own Liaison Committee in 2019. But what are Select Committees? And what do they do and how do they do it?

This one-day programme introduces Parliamentary committees by exploring where they came from, why we have them and their role in modern Parliamentary systems. Our programme also explores how Select Committees work and the various roles of those that contribute to that work. And the crucial role Parliamentary Committees play in delivering good governance.

This highly participative programme uses a blend of information sharing, conversation, examination of case studies and video to explore the topic, led by our highly experienced facilitator.

The programme is aimed at those looking to build a foundation level understanding of Parliamentary Committees and is suitable for parliamentarians, parliamentary staff, civil servants... and anyone else that has an interest in how modern legislatures work.
