SOCORRO V. DELA ROSA, CESO V
School's Division Superintendent
DepEd Catanduanes

Subject: THE NCERIES INTERACTIVES (Space Science and/or Oceanarium Roadshow in public and private preschool, elementary schools, secondary schools, colleges and universities for the Academic Year 2023-2024

Dear Ma'am Socorro,

We are happy and excited to conduct THE NCERIES INTERACTIVES featuring the following activities:

SPACE SCIENCE ROADSHOW

- Station 1: Space Dome
- Station 2: Film Showing
- Station 3: Ask-An-Astronomer
- Station 4: Water Bottle Rocket Demo and Launching
- Optional BONUS Stargazing Session from 6pm – 9pm

OCEANARIUM (Deep Sea Exploration) ROADSHOW

- Station 1: Digital Dome Theatre
- Station 2: 3D Silverscreen
- Station 3: Interactive Station with PhotoBooth

In this connection, we would like to request permission from your good office to conduct and invite students to join these voluntary, non-compulsory interactive events in public and private schools in your division. We will work closely with your office to develop a program that meets the Department of Education's mission and vision and to help the students recreate themselves and discover their place in the universe.

THE NCERIES SPACE SHOW FOR SCHOOL YEAR 2023-2024

The NC Educational Resources and Interactive Events Services (NCERIES) Inc. announces the conduct of its Space Show for School Year 2023-2024. The activity is a school-based program for public and private schools nationwide. The activity has the following interactive events:

Activity	Objective/Description	Target Participants
Space Dome (Digital Mobile Planetarium)	<ul style="list-style-type: none"> Educate participants about basic celestial navigation, identify planets and deep sky objects, the cause of night and day, and experience a meteor shower Entice students to the realm of space and astronomical phenomena 	K to 12 students
Interactive Astro Talks and Space Gallery	<ul style="list-style-type: none"> Discuss short astronomical updates and interesting facts suitable to the group of participants Engage participants in the astronomy forum to address their curiosity Explain science through interactive exhibits and photos in the gallery 	
Water Bottle Rocket Launching	<ul style="list-style-type: none"> Discuss the shortened history and timeline of rocketry Demonstrate how to make a water rocket bottle and its actual launch Explain the physics behind rocket launching 	
Bonus Activity: Stargazing (Weather-permitting activity)	<ul style="list-style-type: none"> Experience a closer look at planets and other deep sky objects Learn the actual usage of different types of telescopes 	Grades 6-12 students

Participation of learners and teachers from public and private schools shall be purely voluntary and will not hamper instructional time in compliance with the provisions of DepEd Order (DO) No. 34, s. 2022 titled School Calendar and Activities for the School Year 2022-2023 and DO 9, s. 2005 titled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith and the policy off-campus activities stated in DO 66, s. 2017.
