1. Pursuant to Republic Act (R.A.) No. 10625, also known as the Philippine Statistical Act of 2013, which was approved on September 12, the Philippine Statistics Authority is mandated to prepare and conduct periodic censuses on population, housing, agriculture, fisheries, business, industry, and other sectors of the economy.
2. Being a member-agency in the composition of the National Census Coordinating Board, the Department of Education is committed to extend support and cooperation to the conduct of 2015 Census of population.
3. This office, as an agency under the Department of Education and in adherence to the same commitment, hereby directs all teaching and non-teaching personnel to take part in the following forms of support and assistance:
 - a. Information dissemination, which maybe done from April to August 2015, of the 2015 Census of Population scheduled from August 1 to 31, 2015. In this regard, Education Program Supervisors, Section Chiefs, Public Schools District Supervisors, and School Heads should include the 2015 Census of Population as an item "for information" in MANCOM Meetings, Conferences, PTA Meetings, or barangay assemblies. In disseminating information, it should be stressed that the Census of Population(POPCEN 2015) is designed mainly to take inventory of the population in the entire Philippines; that citizenry are expected to provide complete and correct information to census enumerators; and that the critical data generated will be used for decision-making of the government and the private sector.
 - b. Provide the use of available classrooms and school pavilions for the training or lodging of census enumerators and supervisors.
4. For information, guidance and compliance.
